OIL MEANS PROSPERITY---CLARESHOLM HAS OIL AT HOME

New Picnic Ground Discovered

The Presbyterian Sunday School picnic at Willow Creek last Wednesday, the King's Birthday, The members of the school and their friends of all denominations were taken to the picnic grounds in Willow Creek. The place selected is a recent discovery, a large grassy field north of the Claresholm Waterworks dam and on the west side of the creek. Here there are several clumps of fair-sized trees with plenty of shade for the tables and a good-sized field for the usual sports. Tables and seats were erected and left for the convenience of others using this very desirable picnic-ground. Swings were put up for the little ones and a program of races prepared for their amusement. Refreshments were served and the afternoon was most thoroughly enjoyed by old and young alike. A boat was constructed under the direction of Rev. McNichol, the lumber having been furnished by the Y. P. S. This, with the boat belonging to the town, afforded a chance for boat-riding which was a very popular feature of the afternoon's entertainment. The winners of the various races were:

Boys 10 and under—Tommy Robinson, Milfred Griece, Harry Palmer.

Boys 15 and under—Fred Stegway, Lorne Hutton, Alex MacKenzie.

Girls to and under—Jean Laidlaw, Helen Tillotson, Jessie MacKenzie.

Girls 15 and under—Agnes Laidlaw, Eva Neilson, Minnie Holmes. Fat Men's race—Pete, Stephen, S. L. Fraser (this being a dead heat).

Boat and Shoe race—Frank MacKenzie, Lorne Hutton, Morley Tillotson.

Three-legged race—Tommy Ringrose and J. Morrison, Lorne Hutton and Alex MacKenzie, Morley Tillotson and Lemire Cochrane.

Wheel-barrow race—Arthur Haig and Lorne Gaudin, Frank MacKenzie and Willard Haig, Tommie Ringrose and Morley Tillotson.

Potato race—Arthur Haig, Tommie Ringrose, Morley Tillotson.

More Buildings for Agricultural School

The prospects for a record attendance at the Claresholm School of Agriculture for the coming term is most encouraging. Last year 71 boys were enrolled in the agriculture and 37 girls in the domestic science classes. Two new buildings will be erected by the department. One to take care of the work in gynaecology and another, a box-stall building, at least 75x35, for the purpose of housing the live-stock which may be brought here at intervals for demonstration and judging purposes. This will add materially to the conveniences for the instruction of the students. The accommodation for students will be greatly increased this year.

Blue-Blooded Two Ways

J. E. Moffatt's "Boss M" gave birth to a filly on Wednesday morning. This colt is sired by Patrick De Ore, J. J. McClain's entry for the \$20,000 stakes at the Panama Exposition in 1915. The filly is thus of blue-blood lineage on both sides.

Are You a Subscriber

Granum

Fred Garrow was a visitor to Claresholm on Monday. Daly creek holding will be exploited by an oil company forming in town, made up of several local men and farmers of the district.

The court of confirmation to confirm the tax enforcement return of R. M. Argyle, No. 99, will be held at the Town Hall, Granum, next week Wednesday, June 17th, at 10 a.m.

Everyone is hoping that the reports which have been so favorable in which the oil experts assure the investors that there are many good indications in several parts of the district surrounding this town, will prove to be true. The oil bug has certainly bitten every Granumite.

The annual public meeting of the Granum W. C. T. U. was held on Monday evening. A splendid attendance and an excellent program marked the occasion. Among those who took part from outside were Mrs. McKinney, provincial president of the W. C. T. U., who gave an address, Mrs. (Dr.) Stewarts, who sang and Miss B. K. Harrison who rendered musical selections on the program.

Carnforth

The Advertiser expects to have a regular correspondent from this district in the near future.

The date of the great U. F. A. picnic has been set for Saturday June 13th, at a commencement 10 a.m. in full programs of races, games and sports have been arranged and the evening will be spent in dancing. Refreshments will be served. Everybody is invited. The Carnforth Union is already noted for the good time they have at any social affair.

Meadow Creek

A young man in the employ of Simeon Lubin was thrown from a broncho last week and had the misfortune to have his solar-plexus broken.

The Advertiser wants a correspondent for Meadow Creek. There has been little news in that part of the world which should have been reported and now that the oil prospectors are as thick as June flies, a correspondent could get some good publicity for his district thru our columns.

Claresholm View

Messrs. Follett and Chittell spent Sunday with the Grubbs boys.

Mr. Stephen is assisting J. Schuhmacher not with pitching for the Clear Lake baseball team.

The Clear Lake baseball team will play the Star Line team at the Star Line school Friday, June 12th.

Clear Lake and Claresholm met on Monday last and the former had the advantage until the pitcher played out. In the third innings the score was 4-0 in Clear Lake's favor but when the game was over the score stood 17-5 in favor of the Ridge this week.

A Rest Room for Ladies

The Advertiser office is at the disposal of the ladies who are waiting for friends on shopping days, come and rest yourself while you wait, a standing invitation.

FIELD PROSPECTS EQUAL TO DINGMAN

The Citizen Company Formed Will Develop Field At Once

All The Surface Indications are Most Favorable For Finding Oil on the Leases Already Secured
By The Claresholm Oil Company

To the Directors of The Claresholm Oil Co., Ltd.

Gentlemen:

I have today completed my examination of the holdings of your company.

I found an east and west-fold running three miles in a south-east-

eighth direction and terminating in a sand dome. From this direction two folds running south-east were followed for six miles. On the west side I found traces of sulfur gas which I consider a very fair indication for an oil-bearing field.

The fold sloped so gently that the sand which might be oil-bearing showed no more than 20 feet low.

I may say that the conditions which I find are just as favorable as the conditions in connection with the anticline which we found at the Dingman well two years ago.

I will postpone further remarks till I have had time to make out my full report.

Geo. A. Reynolds.

Now that oil has been found in Alberta, everyone seems to have shown it all the time. But there are some of the citizens of this town who had the courage of their convictions. The organization of the Claresholm W. C. T. U. did not give result. With commendable enterprise an expert was secured and the men were satisfied enough with the best of their findings to go forward with the oil business.

The oil field is to be developed by the oil company as given above, the enthusiasm of the people about the oil business will be much greater than ever before. The oil company will cover the more favorable locations.

At a meeting this afternoon at 3 p.m. the provisional directors are taking steps to incorporate the original oil company with the new one.

It is expected that \$75,000 of the \$500,000 stock of the company will be offered for popular subscription. Five (\$5) per share, the proceeds of such to be used in actual drilling operations.

The public await with confidence the testing of this district.

In the selection of the shares of oil companies for investment, do you have a little mental arithmetic? Take the capital stock of the company as given above, and the amount of shares you expect to purchase at their par value as the numerator and see what interest you are purchasing in the business of the oil company. Then divide the amount by the par value of a share, \$100,000 has twice as much equity as \$50,000,000 in a company capitalized at \$1,000,000 which is similar per value. All other things being equal, the former is the best investment.

George A. Reynolds, the man who was three years with the Southern Pacific in their oil fields in Texas, three years with the Canadian Pacific in their oil fields and oil drilling; the man who stands among the most prominent in the recent development of the wells and diggings in the Calgary and Okotoks districts, has joined the oil company and drilled the two famous Dougall-Sugar Well, was engaged by The Claresholm Oil Co., Ltd., to go over their properties and report his findings.

Why not Advertise NOW?

Furman

The stockmen of the district are scratching their heads now as the poison weeds are working on the cattle quite a bit lately.

Mrs. Burton lost a valuable bunch of White Leghorn chickens and is searching the neighborhood to find the chickens or the feathers.

Geo., and Mrs. Poole and family, of Happy Valley, visited this side of the Ridge this week.

South-Western Football League

Put Band on Pigs

The council met on Thursday evening last and went through the usual grist of minor matters which keep accumulating from session to session. The report of the board of health was read and approved. This board called attention to the provincial regulation which provides that no hogs may be kept within the limits of the town boundaries except upon written permission of the board of health. The board asked the town to make this a part of their by-laws and suggested in addition that in case hogs be permitted to be kept within 200 feet of a dwelling. It was also decided that penalties be decided upon for infringement.

C. H. Westmore was appointed a special constable for the inspection of back yards, lanes, etc. and the direction of such cleaning up of the same for the better protection of the town. The firemen's accounts were presented and ordered paid.

Henceforth no non-resident may solicit or sell, directly or indirectly, any mining or oil stocks except upon payment of a license fee of \$25. A by-law to this effect was passed by the council.

The name of a by-law to license hogs was referred to another session. J. L. Lindau was appointed poundkeeper for the balance of the year.

Object to 20-Mile Limit

The prize list of the Macleod Agricultural Society has reached some of our horsemen and farmers who have assisted each year to make the Macleod Fair by exhibiting freely and considerable indifference has been created by the number of shunts-out in the horse classes. Heavy draft entries will be limited to four for farmers living outside of the 20-mile radius from Macleod. Light draft entries also barred outside of this radius. Both single and double drivers, farmers entries, are also limited to the 20 miles. Saddle, horse, 14-2, comes within the limit. If it had not been for the horses which were entered from this district and Granum, the last year's horse entries would have been considerably reduced.

Trout Creek

Mrs. T. S. Newlin returned on Sunday evening from Idaho Falls, Idaho, where she has been attending the funeral of her aged father.

Richard Stevenson, late of Armstrong, B.C. with his daughter, have returned and will occupy again his old homeestead on Willow Creek.

May Help Destroy Cutworm

The cutworm cell has set many investigators studying to discover if possible a remedy. Many suggested means of destroying the pest have been tried. One highly recommended by entomological experts is: Mix together, well, 10 lbs. of short, 2 lbs. of Paris Green, 1 gal. of molasses and 4 gals. of water. So broadcast and harrow in lightly. This will turn the soil completely and plow late in the fall. These means are not entirely eradicate the pest but they will go a long way toward minimising the depredations of this worm.

Beaten But Not Disgraced

Nation and Claresholm are in the Oil game. Last night a special game of Oil was on the board than on Tuesday evening. The attendance at the game was one of the best for some time. The home team put up a much better brand of ball than has been lately. The visitors who had won the first five of the ninth and then an seventh and the game was lost. It is fair to the home team to say that there were spots of snapping up or what was in this league. The visitors were racing out of the box and the running was nice. The last half of the game produced nothing for the home team although Hughes put in for Stubbins.

The box score:

Macleod, B.	A. B. R. H. P. O. A. E.
Stubbins, Sb.	3 0 1 4 2 0
Harvey, H.	5 1 1 1 1 0
Reynolds, fd.	5 1 2 3 0 0

Starred for Stubbins in ninth.

Summary: Substitutes: Nanton, Baker, McGillivray, Reynolds, Clark, Moffatt, 3. First base on balls, off Sleath, 7, off Harvey. Left on bases, Claresholm, 11. Second base, 1. Hit by pitch, 1. Hit by foul ball, 1. Hit by batted ball, 1. Sizewell, 2. Wild pitch, Sleath, 1. Time, 15. Umpire put in to bat for Stubbins in the ninth because he struck out.

At Hymen's Altar

At the mass, by Rev. J. A. Clark, pastor of Knox Presbyterian Church, Calgary, on Wednesday, June 3rd, W. Leslie Henderson, rector of the church, Edward Mason, son of Wm. Mason, catorner, England, and wife, Emily, and Harold, only daughter of Mr. and Mrs. W. R. Eastwood, were married. The ceremony of the contracting parties Hymenwood will be spent at the east gate.

At the church of St John the Evangelist, Claresholm, by Rev. H. M. Henderson, rector of the church, Edward Mason, son of Wm. Mason, catorner, England, and wife, Emily. The bride and groom were wedded in marriage. The couple will escape their home on the street shortly the brief honeymoon was spent with friends at Calgary.

Star Line

Rev. Ryan, a Disciple minister, held services at the home of S. C. Williams this week.

On Friday night of this week the Star Line School, there will be refreshments served and a program in which a debate on Women's Suffrage will be the feature. There will be a ball game between Star Line and clear Lake before the program begins.

EDITORIAL COMMENT

Reading notices announces the holding of any entertainment, or public gathering at which a fee is charged not for general charitable purpose, but which is intended to increase the financial standing of any organization which is of a semi-private nature, such as a church, lodge etc., societies will be inserted as news matter upon payment of 10c, a line for first insertion and 5c a line for subsequent insertions. Legal advertising is 12c, a line for first insertion and 8c per cent for subsequent repetitions of the same. Remember every inch of this paper, one column wide, costs us over 15c.

Will the citizens of this town who like to see items of personal interest appear in these columns, please make use of Phone 7 to inform us of any little happenings of a social nature that may come under their notice. We are not able, no matter how we try, to get in touch with every little social happening and it is the desire of The Advertiser to chronicle these faithfully week by week. Help us out a little.

In this issue we have devoted some space to the egg circle movement because it is of interest to our large circle of farm readers. If the scheme is of benefit to the farmer, we wish to further it and we have given so far as our space permitted this week, anything which would furnish matter for consideration by the farmer to lead him to a wise and carefully considered decision. The judgment upon the plan rests with the reader.

In the cases of the more or less unavoidable collections of nuisance matter in privies, etc., the sprinkling of chlorine of lime acts as a disinfectant and in some measure will help to abate the fly nuisance. The use of road dust in the closet will absorb much of the moisture, cover up the refuse and afford less inducement to the fly. During these days of excessive dryness and heat, feather breeding odors may be kept in check and the fly-breeding industry discouraged, in some measure, by these simple precautions.

The epidemic of holliness has seriously interfered with more schedules than ours.

Once more it is necessary to hint to high and low alike, that the use of water even upon a drying up garden is selfish, cruelly selfish, at a time of scarcity of the precious fluid.

Cows and horses do not real-
ly care for the weather conditions. The by-law recently passed by the town council, they are peacefully pasturing on the public parks.

Again we come with the suggestion that lawn bowling is an ideal pastime for the entire community. The expense of starting a club is not at all great. A lawn could be readily arranged for this season and a good turf secured for next season.

Progress Report Encouraging

Woodstock, Ont., June 5.—The most encouraging report in many years with reference to the growth of the Presbyterian church in Canada was made to its general assembly by its clerk Thursday afternoon. The report showed that the denomination now has over 300,000 communicants and for all purposes it raises over \$5,000,000 each year. There were over 10,000 Presbyterians elders in the communion and over 4,000 preaching stations.

During the past year 15,000 communions were received on profession of their faith and about 25,000 on certificate from their pastor. The gain in membership during the year was 13,367. The financial depression which has existed in all parts of Canada during the last 12 months did not affect the work of the church in any respect.

May Find Radium

It is the opinion of Prof. Goodwin of Queen's University, Kingston, who a recent visitor in Fort William that Pittlunde Ore will be discovered in quantities in that district that will make it worth mining for radium. This ore is usually found with deposits of zinc, galena, copper, lead, etc., and these exist in considerable quantities in the locality of Fort William, it would appear that the opinion is well founded. A reward of \$25,000,000 which was offered by the government for radium discovery is attracting the attention of local prospectors.

Five Mile

Mr. and Mrs. Wallace have moved to a farm near Clear Lake.

Mrs. E. W. Pine, by the last report, is recovering nicely from her operation.

The little two-year old son of E. A. Carey tipped a pan of boiling water upon himself last week and was severely scalded about the limbs. He is getting on nicely now,

Old Enemies Lock Horns

Willow Creek met its ancient enemy, Meadow Creek, on the old battle ground near Willow Creek on Mr. Sipe's ranch, last Saturday night. The line-up was as follows:

Willow Creek	Meadow Creek
S. Whitehead	p. J. Vaughn
N. Walker	c. W. Bell
E. F. Tovell	1b. D. McKinnon
D. Sibley	2b. John Dennis
H. Maxwell	3b. C. B. Marshall
B. Whitehead	w. R. J. Vance
H. Stuart	If. W. McKinnon
W. Jarvis	s. S. Barclay
W. Storey	r. Cunningham

Score by innings:

Willow Creek	R. E.
o o 2 3 5 2 2 0	14 8746
Meadow Creek	12 6 6 2 3 1 1 0
	41 2242

Time four hours. Attendance 1200. Umpire A. H. Tovell.

After the game the ladies of the Willow Creek district provided a nice lunch consisting of sandwiches, cake, ice cream and lemonade to which the boys of both teams did full justice.

The return game is to be played at Carnforth on Saturday, June 13th. The Willow Creek boys are practicing day and night. Come and see the game of the season.

Opens New Educational Field

It has been a life-long ambition of the minister of education to see household science taught in the public schools. Every addition to the curriculum which will better fit the youth for the ordinary vocations of life is a step higher. To this end provision is being made by which girls who have a second class non-professional certificate may attend the household science classes at the provincial schools of agriculture for two terms and, upon passing the examination tests, be granted a specialist standing in domestic science and, upon taking the ordinary normal training for a public school teacher, be also qualified to teach domestic science in the public schools for which, no doubt, in time an added remuneration will be given. Girls who are ready have their normal training may also take advantage of this course and obtain a certificate as specialists in this science. This opens a new field of usefulness for the student and for the provincial schools of agriculture alike.

Poison Weeds Reported

It is reported from the Hills that cattle have found some poison weed which in a very few minutes after eating kills the animal. The losses seem to have been confined to cattle ranging on the higher parts of The Ridge. F. A. Burton is said to have lost 16 head, and other smaller losses have been reported. Ranchers in this higher district have driven their cattle down to Meadow and Willow Creek bottoms.

IN THE SUPREME COURT OF ALBERTA JUDICIAL DISTRICT OF MACLEOD

NOTICE

TO
GEORGE COLEMAN,
LATELY OF PARKLAND, ALBERTA.

TAKE NOTICE that an action has been commenced in this Court against you by R. S. Law to recover the sum of \$12,219.35 and interest from 1st of February, 1914, on agreement of sale dated the 1st of January, A.D. 1913, of the East half of Section 31, Township 14, Range 24, W. 4th M. in the Province of Alberta. You are to appear and defend in said action at the office of the Clerk of the Court, Court House, Macleod, by the 11th day of July, A.D. 1914, and in default of you doing so the plaintiff may proceed to judgment without further notice.

DATED at Macleod this 6th day of June, A.D. 1914.

John F. REYNOLDS,
Secretary-Treasurer of the
Town of Claresholm.

H. O. HASLAM
Barrister and Notary Public

Solicitor for:
THE CANADIAN BANK OF COMMERCE
THE TOWN OF CLARESHOLM

Claresholm Alberta

NOTICE

NOTICE is hereby given that the Council of the Town of Claresholm intends to pass a by-law to close from use by the public as streets:

FIRSTLY: All that portion of the west half of the south east quarter of Section twenty-six (26), in Township twelve (12), Range twenty-seven (27), west of the Fourth Meridian in the Province of Alberta, which lies between the easterly limit of Block "A" and a line drawn east of, parallel with and fifty feet perpendicularly distant therefrom as said Block "A" is shown on a plan of part of Claresholm in the Land Titles Office of the South Alberta Land Registration Districts ("Claresholm 147-N.")

SECONDLY: That portion of said Block "A" being a strip of nine acres (660) feet in width perpendicularly distant southerly from the easterly production of the northerly limit of Centre Avenue as said avenue is shown on said plan "Claresholm 147-27" and also that portion of the land taken for right of way of the Calgary and Edmonton Railway as described in Certificate of Title "Z-165."

THIRDLY: That portion of the north east quarter of said Section twenty-six (26), bounded as follows: On the west by a line drawn east of, parallel with and two hundred (200) feet perpendicularly distant easterly from the centre line of the Calgary and Edmonton Railway as said centre line is shown a plan filed in said Land Titles Office as "Y. 8." On the east by a line parallel with and two hundred and fifty (250) feet perpendicularly distant from said centre line. On the north by a line drawn at right angles to said centre line from a point distant thereon five hundred (500) feet from the intersection of said centre line with the southern boundary of said quarter section.

FOURTHLY: That portion of said east quarter bounded as follows: On the south by a line drawn at right angles to said centre line distant five hundred (500) feet northerly along said centre line from its intersection with the southern boundary of said quarter section. On the north by a line drawn at right angles to said centre line distant five hundred and fifty-three and two tenths (553.2) feet northerly along said centre line from its intersection with the southern boundary of said quarter section. On the east by a line parallel with and one half (494) feet at right angles from said centre line.

On the second day of July, A.D. 1914, at 5 o'clock in the afternoon or so soon thereafter the matter may be heard at the Council Chambers in the Town of Claresholm.

AND NOTICE IS FURTHER GIVEN that upon the passing of such by-law, the Mayor and the Secretary-Treasurer of the Town of Claresholm will transfer to the Calgary and Edmonton Railway Company in fee simple those portions aforementioned.

DATED at Claresholm this 6th day of June, A.D. 1914.

John F. REYNOLDS,
Secretary-Treasurer of the
Town of Claresholm.

RECRUITS WANTED

The 23rd Alberta Rangers will go to camp in Calgary on June 16th, 1914, for twelve days. A few good men are required to make up the strength of "A" squadron. The average pay with horse is \$2.00 per day. All who intend to enlist should make early application to Major C. W. James, or to Capt. C. H. Westmore, Clarendon, Alberta.

TENDERS WANTED

Tenders will be received by the undersigned up to Wednesday, July 1st, for the laying of floor, painting the interior, etc. of the new Canadian schoolhouse. For further particulars apply to the secretary-treasurer, H. R. Smith, Phone #802, Clarendon, Alta. Any or all tenders not necessarily accepted.

NOTICE TO FARMERS AND OTHERS

The Clarendon Poultry and Egg Marketing Circle was formed on Monday. Everyone with poultry or eggs for market is invited to become a member of this association at once. That no time be lost in completing the circle, the directors have appointed The Advertiser to publish the plan. A membership list is open for the signature of those who may wish to join the Circle. For one month from date, a fee of 25¢ will admit to membership and every producer of egg or poultry should make applications at once.

Boosting Mud Lake Oil

Macleod, Alta., June 2.—Mr. J. E. Woods, one of the best known oil experts in Alberta visited Macleod at the instance of the Mud Lake Oil Co. over the weekend, and after looking over the company's buildings in company with Messrs. W. C. Bryant and L. G. Gordon, presented a statement which made the shareholders to believe that they were fully justified in supporting a project to drill for oil in the Mud Lake district. Mr. Woods' report has not been given out yet, but it is understood that it is of such a nature at to surpass the expectations even of the men who launched the company.

Cyclone Takes Toll of Lives

A cyclone similar to that which devastated a part of Regina, a year ago, visited the outskirts of the town of Woodstock, Ont., killing two and injuring others. Dwellings, barns and trees were carried off and had the town been more directly in the path of the cyclone, a similar horror to that of the Regina storm would have resulted. The minister of the Presbyterian Church was meeting in the town. Lights went out, windows in the convention building were shattered and for hours the heavy rain and hail fell.

Remember Old Chieftain

Toronto, June 6.—The 23rd anniversary of the death of Sir John A. Macdonald was quietly observed in this city today. Members of conservative associations marched to Queen's Park, this afternoon, and decorated the statue of the old chieftain with flowers. Local members candidates for the legislature and Mayor Hocken made addresses.

THE GEORGIAN BAY CANAL

DELEGATION ASK FOR CONSTRUCTION OF WATERWAY

One Thousand Delegates Meet at Ottawa and Wait Upon Ministers

Will Form Permanent Organization to Aid Government Commission.

Ottawa.—The formation of permanent organizations to aid the government commission will be to promote the construction of the Georgian Bay canal, and to further the interests of the province.

The recently appointed government commission on the project and the statements in favor of the great waterway were the net results accom-

plished by the delegation, which came to Ottawa.

The delegates were received by Hon. Sir Wilfrid Laurier, Mr. George K. Price, H. R. Munro, and Nante, while a number of senators and members were present.

Major Martin, who was introduced by Mr. Collier, spoke briefly in favor of the project, and Mr. G. E. Grier was united as to the desirability of this project. He was followed by Mr. A. J. Ross, president of the Montreal chamber de commerce.

Gen. Quidore, vice-president of The Montreal Board of Trade, and Mr. Grier, past president, who pointed out that the Georgian Bay route must be developed if the cheap means of transportation from Sault Ste. Marie to the oceans were to be secured.

W. C. Tracy, labor and com-

merce, of Ottawa, spoke in advocacy of the project.

Mr. Price, of Port Arthur, and Mr. Willian, said it was a fascinating spectacle that nearly fifty ships were carried in foreign ships when the construction of the trans-Canada railway had been completed in Canadian ships to Canadian seaports.

Of the 263,283,129 bushels of grain shipped from Canada last year, 200,000 bushels had been consigned to United States ships sailing to the United States ports.

Mr. Price said that Arctic trade,

which had been so good in 1912, was to be expected again.

Mr. Grier, president of the St. Lawrence Seaway Association, said that Montreal through the establishment of a fleet of barges, but would not allow the diversion of trade to American ports.

In his reply, Hon. Robert Rogers said that Canada's chief port of entry was the deepest in the world.

He had canal, which was to be necessary for the development of trade of inland ports.

It was true a large proportion of Canadian trade was with the United States ports,

but this could not be changed.

The deepening of the St. Lawrence canals had been decided upon.

Montreal through the establish-

ment of a fleet of barges, but would not allow the diversion of trade to American ports.

Mr. Tracy said that while many reports had been presented as to the engineering features of the canal, there was no definite statement as to its mercantile feasibility and it was as to this that the recently appointed commissioners were to be called upon.

Some was such as to command con-

fidence and he hoped that the argu-

ments of the commissioners would be placed before them.

The fact that the St. Lawrence

shorter route to the seaport would be sufficient to command the govern-

ment's attention and he hoped it would be an all Canadian route which would give an opportunity to develop enough power to meet the cost of the con-

struction.

ONT. RAILWAY TO HUDSONS BAY

T. and N. O. to be Extended to Port Nelson, Says N. D. Morris

Ottawa.—The Ontario government is preparing to extend the Temiskaming & Northern Ontario Railway to Port Nelson, says N. D. Morris to Hon. De Roche that he will move a bill in the legislature for the transfer of certain lands and properties within the province of Manitoba to the federal government in the right of Canada, and make available the extension of the Grand Trunk Pacific to Port Nelson, and the Ontario Central to a point near the mouth of the Nelson River.

It will be remembered that when the Magdalen boundaries were ex- tended, the new boundaries were ex- cised which provided for the transfer to the Ontario government of a number of certain lands at the head of Lake Superior at the head of the bay necessary for terminals. The Ontario Central has agreed to take the place of the Grand Trunk Pacific, and it is said that the latter has agreed to take place of the Ontario Central.

The Ontario Central has agreed to take place of the Grand Trunk Pacific, and it is said that the latter has agreed to take place of the Ontario Central.

Kaiser's Contribution Large

Ontario—The Kaiser's personal con-

signment of \$1,000,000 to the Red Cross

for the relief of soldiers

is the largest ever given by an individual to the Red Cross.

On that basis his contribution

to the war effort is the largest in the country.

After orders had been issued for a naval demonstration on the Pacific coast of Mexico, as well as on the Atlantic coast, the western Indians have not yet been approached.

C. Orla, deputy minister of trade and commerce, has been approached by a number of arrangements.

The expectation is that the

Government will be able to meet the demands of the Indians.

It will be some time before he will be able to be about. His condition is not good, and he has been advised to alarm to his friends, but all danger is now considered to be out of it as far as the Indians are concerned.

The American government has ever

considered the protection of the rights of the Indians to be of the greatest importance.

It is the opinion of the American government that the Indians would be placed before them.

The fact that the Indians are to be

placed before them is the reason why the Indians would be placed before them.

The Indians are to be placed before them.

Harold de Forest, of Meadow Creek, was in town on Tuesday.

Mrs Geo Wright, of Calgary, is a guest of Mr and Mrs W. R. Lindsay.

The W. C. T. U. will meet at the home of Mrs. Frank Murray on Thursday afternoon.

Mrs. Wm. Lebeau was a guest of Mr. and Mrs. Fred Vanskiere at Valeux last week.

The assessment notices are being prepared and will soon be sent out by the town secretary.

Schaefer school district has been enlarged by adding several sections of land to its former area.

Jack Johnson and Sam Langford, both colored fiddlers, are signed to fight in London, Eng., this fall.

Mrs. E. W. Frost, who has been spending a few days with friends here, left on Saturday for Delburne.

Mrs James Davidson, of Montreal, a sister of Mrs. Lindsay, is a guest at the Lindsay home for the wedding this week.

Fred Common will spend a portion of his two weeks vacation in the Hills and will also attend the Gleichen Stampede.

Fred Garow, of Granard, reeve of the municipality, has been appointed a commissioner for taking affidavits.

The local lodges Knights of Pythias, 22 strong, attended the Presbyterian church last Sunday evening.

Cous D C Sherrill, of the R N W M P, has been transferred to the Macleod post.

A man named Mallory was brought from Stavely and committed by Insp. Tucker last Thursday on a charge of insanity.

Ponasson, Ont., sustained a fire loss of over \$300,000, over 35 busi-

ness buildings and residences being wiped out on Sunday last.

Mrs Geo Ringrose, Miss Julia Sohy and Miss B. K. Harrison were the Clareholm delegates to the W M S in Calgary last week.

ad Clareholm locals

Clas Walders was brought home last evening from Calgary hospital not at all improved in health.

Mrs. Jones, of Saskatoon, and Mrs. Edith Pitts, of Nelson, B C, are the guests of their sister, Mrs. R. S. Bretton, this week.

Geo Wilson of Lethbridge, manager of the Western Canada Lumber Co., is in town to-day. He is interested in the l-c oil company.

J. G. Kinnaird, the provincial auditor, was here last week and audited the town's books to the end of May. The roll was approved.

W. W. McAllister completed last week the drilling of a well for W. Ames, on the Burnham place, the water for being successful.

The Lethbridge tax rate for the fiscal year will be \$2.50. This is not the only town that finds the financing more or less of a problem.

D. B. Vanhorn and O. L. Monday represent the Clareholm Oil Co. in the filing of several more desirable leases.

The monetary loss in the Empress of Ireland disaster is placed at \$4,500,000, the estimate being based upon the latest figures in possession of the C. P. R.

"A" Squadron, 23rd Alberta Rangers will attend church next Sunday, their chaplain, Capt. Rev. H. M. Henderson conducting the service.

The report of the loss to P. T. Gibble from entourages turns out to have been disreputable. While some damage has been done, the loss was not at all serious.

Miss B. K. Harrison was elected as mission band secretary at the Alberta branch of the Women's Missionary Society of the Methodist Church last week in Calgary.

George Reynolds, of Calgary is the oil expert engaged by the Clareholm Oil Co. to examine their holdings and report thereon. Mr. Reynolds arrived on Friday last.

Subscribe to the Advertiser

C. R. Tillotson has been unwell this season, in having lost two, both with foal, one a fine blue mare and the other a registered mare worth over \$750.

Miss Henderson, a sister of Rev. Peter Henderson, who was formerly the Presbyterian Church minister here, arrived on Tuesday to assume the position of housekeeper at the home of R. K. Peck.

The contract for the Dominion government interior storage tanks at Calgary has been let to Janss Bros. & Co., Calgary for \$788,000. The elevator will be completed in time for next year's crop.

The town team took a motion to object to the passing of the School Act the other day and made it interesting for the driver who was thrown from the wagon. He managed to regain control before any damage resulted.

R. A. Hopkins, of Stavely, was elected district constable and treasurer at the Masonic convention at Banff last week. He will have charge of the sixth district, which includes the Masonic lodges at Clareholm, Stavely, Nanton, Okotoks, High River and Granum.

Rev Peter Henderson, of Armstrong, B C, a former pastor of St Andrew's Presbyterian Church here, is spending his vacation in Ontario and attending the general assembly of the church at Woodstock. He is expected to pay a visit to friends here on his way home to B C.

C. E. Tillotson is fitting up the old Clark store building which he stood for some time on the corner opposite the small chamber, with the intention of utilising it for some business purpose. The building is a well-built, roomy structure and the location should make it valuable for almost any business.

C Turpin is removing from the Amabile store to his new quarters near the Queen's Hotel. He has been fitting up these premises which were formerly occupied by a barber shop and tool room, to make a fine well-lighted, commodious saleroom. His big carnival of bargains has not halted and he is offering bigger and better inducements at his new location than ever before.

A fat man sat at the door of the Lund Office all night Lethbridge to be the first to file on the clause list of lands which he was griping tightly in his hand. The doors were opened and his vigil was rewarded. He handed his list of filings to the clerk and then to his dismay found that all his lands on the list in the Calgary district and that he must make the trip to the city again only to find that he has been foisted off there. Such is life.

Looking upon the wine when it is red to the appearance before us, Tucker at the barnes last Saturday a chapter of drunkenness in the beer yard which accompanied him. One was fined \$2.00 and costs for driving recklessly up and down the streets of the town impeding the life and limb of himself and others. The other two were assessed \$1.00 and costs with a warning which should stand them in good stead in the future.

As Heard in Table Butte

The school children had a picnic at Willow Creek last Monday. There was a large attendance and the little folks had a good time.

Born—At Table Butte, May 25th, to Mr. and Mrs. William Scott, a son.

Mr. and Mrs. Lyall were Calgary visitors during the first part of the week.

We regret to learn that Mrs. T. B. Stanford is still very ill.

Presbyterian Ladies Will Serve Tea

The Ladies' Aid Society of the Presbyterian Church will serve refreshments and afternoon tea and hold a sale of homemade cooking on Saturday afternoon at the Furniture Store of R. S. Anderson, from 3 to 6 p.m.

For Delivery of Lumber in the Vicinity of Clareholm, Add \$6.00 per Thousand.

MILL AT FURMAN, ALTA.

OFFICE: CLARESHOLM, ALTA.

PARKLAND

The new Presbyterian Church at Parkland will be opened on Sunday and Monday, June 7th and 8th. A special program will be followed at which good addresses will be delivered and a general good time enjoyed.

James Wallace was in Calgary on business on Wednesday.

Prairie Dell

Wm. Mackenhirn and family were in Clareholm on Friday.

There will be a big dance in the schoolhouse on Friday, June 12th.

Miss Fitzmaurice and Wm. Mackenhirn motored to Champion on Sunday last.

There was a crowd at the dance at Joe Mackenhirn's on Wednesday, the King's birthday. Everyone enjoyed the evening very much.

The Bee Ring got under way last week. There are 16 in the ring and already the benefits of the system are being understood. The slaughter house and equipment has been completed.

Dollar Lake

Fred Palmer has just completed the work of remodelling the dwelling of D. Williams. The walls have been raised a few feet, an addition has been built and the porch of surrounding the interior will be proceeded with. Mr. Williams will have cause to be proud of his dwelling when the work is done.

A. D. Howard is having a residence constructed on his farm property, being built by Bert Curtis, who further has the contract and from the plans the building promises to be a credit to the neighborhood.

W. P. Teskey, of North Vancouver motored over from Canmore with his brother, Joseph, of Carmangay, and spent a few hours investigating our claim to being an oil field. They returned on Monday evening, Mr. Teskey to leave for his home in a few days.
